WELCOME TO THE JUNIPER STATEWIDE VIRTUAL SUMMIT
Where We’ve Been: Juniper Yesterday, Today and Tomorrow

Dawn Simonson, President, Innovations for Aging
It started with a question:

How can we help more people benefit from classes that promote health and wellness?

Where We’re Going: New Opportunities in 2020

Sarah Blonigan, Juniper Network Director
“Juniper helps people become the CEO of their health and well-being.”
Value Added During the Pandemic

• Quickly converted to online classes
• Offering virtual and telephone classes while in-person classes are not safe
• Providing essential support for people with multiple conditions
• Technology provides options
“We have been so impressed by Juniper’s swift action and smooth transition to offering programs virtually. Their ability to adapt and pivot has greatly improved our ability to serve our communities this year. Thank you!”

— M Health Fairview
Community Health and Innovation Manager
Local Support from Provider Relationship Managers

- Provide technical assistance and support for providers
- Understand needs of local communities and providers
- Help create innovative modes of in-person delivery unique to local communities
“This has been such a valuable experience. It's forced me to focus on one activity, something that's been more difficult during COVID, and it has been a source of community during our stay-at-home time. Thank you to everyone who's helped make this class happen.”

— Falls Prevention Class Participant

The Aging Mastery Program® (AMP) informs, encourages, and supports you in taking steps to improve your life and engage in your community. The program empowers you to make and maintain small but impactful changes. It incorporates evidence-informed materials, expert speakers, group discussion, peer support, and small rewards to build skills and tools to manage your health, maintain economic security, and contribute to society. AMP offers 10 core sessions, each 90 minutes in length.

Welcome to Juniper

Healthcare providers are the backbone of Minnesota’s care delivery systems, providing a wide array of coordinated care to patients at all stages of life, treatment of chronic and acute conditions, referrals to adjunct services, and more. Juniper offers supportive, educational programs for your patients with chronic pain and disease and those who are at risk for falls, supporting and extending the care you provide. Our evidence-based programs can also help you achieve care management goals related to quality outcomes for these patients.
